Monthly Cull Records - *If you don't know how many were trapped or shot, just enter the total culled in the month. If you trap then shoot to despatch, count as trapped.*

Month eg Jan-16	Location: Name of wood or address, then nearest town/village	Grid Reference: 6-figure or 10- figure eg SD 365 476	No. of greys trapped	No. of greys shot	Total no. of greys culled in month	No. of reds seen	Comments - any non-target species caught, or anything unusual. Sex and age of culls is optional (AM=Adult Male, JM=Juvenile Male, AF=Adult Female, JF=Juvenile Female eg 3AM, 2JF). <i>If you print out a copy of the form, you can use this column to keep a running tally eg ### ##</i>

Notes 1) Please hand (or email) your completed form to your WRS contact. 2) Ideally at least every 3-6 months. 3) If you don't have a regular WRS contact, forms can be posted or emailed to: Steph McIvor, Ulthwaite Fold, Kentmere, Kendal, LA8 9JH. Email: steph@westmorlandredsquirrels.org.uk Tel: 01539 821714. 5) If you see a red elsewhere, please report via the WRS website or email/phone Steph with details: date - grid reference – location. Many thanks – your help with grey control and submitting records is a very much appreciated contribution towards saving our red squirrels. www.westmorlandredsquirrels.org.uk
